## FISHING HOURS

- Launching from Guinjata Bay and Painsane Launch site from first light.
- Lines down will be after launching, there will be **NO** back-line rule.
- There will be no lines up during the duration of the competition, however all skippers or crew members wanting to weigh fish or confirm a billfish, GT, Amberjack / Yellowtail or Kingfish release must be in the queue at weigh-in before the gallows close as stated in the program with their catch.
- The Competition Committee may change fishing hours depending on launch & weather conditions.
- Under no circumstances will competition boats, whether they have caught fish during that day or not, be allowed to fish later than the competition hours as specified. **All boats are to be beached or be at backline, waiting to**

**beach no later than 15:00 from Monday to Thursday and 14:00 on Friday.**

- Anglers arriving at the Gallows after cut-off times (15:00 Monday to Thursday or 14:00 on Friday) will not receive a score for the day.
- **No** EXTRA TIME WILL BE ALLOWED.

## **RADIOS / RADIO PROCEDURE / CALL – UPS**

- All boats are to ensure they have a working radio prior to launching each day. A radio test must be performed with Beach control prior to launching each day.
- Should a boat develop problems with the radio during a day's fishing, it is the skipper's responsibility before launching the next day to satisfy Beach Control that the boat's radio has been repaired and is working properly prior to launching. **THIS RULE WILL BE STRICTLY ENFORCED – relaying call ups day after day is not acceptable.**
- All radio communications during the competition hours will take place on channel **69** VHF.
- The call-ups will be 09h05 and 12h05
- All boats will be called up each day (Monday – Friday).
- Your position and catch must be given.
- Any billfish strikes or hook-ups must be reported at once to Beach Control. Report your position, time, and the angler's name to Beach Control.
- All Skippers will always adhere to the Radio Procedure Rules.
- Skippers not adhering to the correct radio procedure will be dealt with accordingly.
- **Boats wanting to relay must relay all messages after the call up is complete!**
- **Please adhere to radio etiquette and be patient, your call will be attended to!**
- **Any boat not responding to call-ups for the day will be disqualified by the Competition Committee**

## **SAFETY / WEATHER COMMITTEE**

The Safety/Weather committee appointed will be made up of the Provincial Chairman, Neil Coetzer, the Tournament Director and one suitably qualified skipper from each club. This is a **closed committee**, and no bystanders or external influences will be allowed.

## **BEACH CONTROL**

Beach Control will operate from the first light until all boats have returned to the beach.

- Beach Radio Control : Beach Control
- Boat Pushers : BOAT PUSHERS WILL BE PROVIDED

**Beach Control will always liaise with the Tournament Director and Competition Committee regarding decisions / incidents / etc.**

## LAUNCHING & LAUNCH SHEETS

- Launching and beaching daily will only be allowed **from Guinjata Bay and Painedane.**
- **Launch / weigh sheets will be issued to each skipper on Sunday 2 March 2026 at registration.**
- All SKIPPERS must hand in their launch/weigh sheet **daily** at Beach Control, before launching.
- Launching will take place at first light each day weather permitting.
- Tractors will be available to assist with the launching and retrieving of boats. Tractors will only launch boats that have push pole plates fitted. **Tractor drivers or Guinjata Sports Fishing Club will not be held responsible for any damage or injury resulting from the use of the tractor when launching and beaching. The use of this facility is entirely optional.**
- Launch sheets: If your launch sheet is not handed in and signed, you will not receive a score for that day.

**Boats jumping the "LIST" will be dealt with at the daily weigh-in.**

## BLOW OUTS

- The competition will run for the duration of the five days previously mentioned.
- Should inclement weather be experienced at first light (bad), but fishable, it will be each Skipper's decision whether he / she launches on that day.
- However, in the event of extreme weather conditions, the Safety/Weather committee reserves the right to cancel **or** postpone the competition, either prior to, or after the first boats have launched.
- Should launching be unfavourable at first light, a final decision as to whether to launch or not will be given by 10:00 at the latest.
- Should the wind speed exceed 22 knots (Force 6), the Safety/Weather Committee will immediately call the competition off. (This is a SADSAA regulation).
- Should the competition be called off whilst boats are out at sea, **all boats** will return immediately to Guinjata or Painedane Launch Site. Should a boat be fighting a fish, then that line must be cut immediately for the boat to return safely to base. This is a SADSAA Safety rule.

## NUMBER OF RODS

There are no restrictions on the number of fishing rods carried on the boat or used by any angler at any one time. It has therefore been decided that no cognizance shall be taken of the number of anglers on the boat when calculating the "Overall or Daily Boat Prizes".

## LINE CLASS

- The competition has been structured for the following SADSAA approved line classes 10kg and 37kg. **The IGFA rule relating to backing is in force.**
- The Skipper must nominate the line class being used by the boat for that day, prior to launching.
- **Only one line class per boat per day is allowed for all anglers on the boat.**
- Should any angler be found to utilize a heavier line than nominated, the boat on which he is fishing, the angler himself and all other anglers on that boat will be disqualified for that day and all days prior where the same line class was specified. The Tackle Master may test your line at any given time during the competition.
- The line tester will be available to all anglers prior to the competition AT THE TIMES SPECIFIED if any angler wishes to have his line tested.
- The only instance where a line class greater than the nominated line class will be allowed on the boat, is when the line in question is to be utilized for the purpose of pulling a teaser.

## FISHING TACKLE

- IGFA Rules will apply.
- Any form of teaser may be used provided it conforms to IGFA regulations.
- Fishing tackle may be checked daily on a random basis. **And your tacklebox and boat may be checked.** (Please avail yourself to test your lines prior to fishing on Monday, as we are often experiencing line breaking above its specified breaking point).
- The line tester will be available for competitors to test their lines at Chill Bar

## SAFETY

- Any boat that runs out of fuel **will be** disqualified for the day.
- All boats must have a valid Certificate of Fitness.
- **All anglers will wear life jackets during launching and beaching.**
- Please adhere to the boundaries on the sea chart provided.
- Please ensure drogue anchors are correctly attached and easily accessible should the need arise.

## WEIGH-IN

- The weigh-in shall take place at Chill Bar – Competition Venue each day.
- All anglers wishing to weigh fish must be at the weigh-in before the cut-off times stated in the program.
- **Any skipper/angler arriving at the weigh in after the specified time of 15:00 for Days 1- 4 and 14:00 and on Day 5 will not receive a score for that day.** Please note that this rule will be strictly enforced.
- The weigh-in must be attended by the Skipper or his delegate and will be supervised by the Weigh Master and his assistants.
- The score sheets must be signed daily by the Skipper or his delegate and witnessed.
- All current records will be available at the weigh in each day.

- All Anglers weighing fish are to please wear Sponsors Shirts / Caps etc. when weighing fish.

## POINTS SCORING

- The SADSAA points scoring system will be used.
- This system benefits larger fish caught than the line strength used.
- Whatever the line strength used, a one-to-one fish (i.e. 10kg fish on 10kg line) gives a score of 32 points.

## METHOD OF CALCULATION

The points for each individual fish will be calculated as follows:

$$\text{Score} = (\text{Weight} / \text{Line Strength})^2 \times 32$$

- The result squared and then multiplied by 32

For example, A 30kg Yellowfin Tuna on 10kg line:  
30 divided by 10 = 3 x 3 = 9 x 32 = 288 points

## SPECIES, LINE CLASSES, POINTS AND MINIMUM WEIGHTS

| Species                                |          | Line Class | Points   |

### SPECIAL BONUS POINTS (as per the multiplication factor)

- **Bonus points** will be awarded to a boat for the number of different species of fish releases weighed each day.
- Please note: These bonus points are awarded to the boat and not to the individual angler, irrespective of the number of anglers on the boat on the following basis. To qualify as a "species" the fish must weigh more than the minimum mass as per the rules. (Undersized fish do not qualify).

### THE MULTIPLICATION FACTOR DOES NOT APPLY TO BILLFISH

The Bonus points are added to the final total points for the boat per day provided the boat qualifies as per the table below:

|                  |  |
|------------------|--|
| 3 species caught | Total Points multiplied by 2 (excluding billfish points) |
| 4 species caught | Total Points multiplied by 3 (excluding billfish points) |

- **Billfish will count as a species multiplier, but their points will not be included in the multiplication calculation. Each billfish Species caught (sailfish, Marlin or Spearfish) will be used in calculating the number of species caught for a day and this number minus 1 will be used to multiply the points of all the fish that are not billfish and then will be added to the total points of the billfish catches.**
- **EXAMPLE**

|                   |          |            |
|-------------------|----------|------------|
| Catch 1 10kg line | Sailfish | 201 points |
| Catch 2 10kg line | Marlin   | 600 points |

## **BILLFISH RELEASE PROCEDURE**

ALL Billfish caught in this competition are to be released. Under no circumstances must a Billfish be brought to the beach after a day's fishing.

Billfish must be brought alongside the boat and photographed, a photograph of the fish must be provided at the gallows before the cut of time for that day and must include:

- Correct date and time of the catch.

A billfish release will count if all the following criteria are met:

- The leader of the fish caught is in hand.
- The fish can easily be identified.
- The correct colour armband as issued by beach control is used.
- The leader, the fish, and the colour armband all visible in same photograph or video footage.
- The photograph or video footage is in digital format that can be downloaded.

## **MULTIPLE HOOK UPS - THIS RULE WILL BE STRICTLY ENFORCED.**

In the event of a double or a triple billfish release, the team are to liaise with Beach Control regarding colour coding of arm bands or symbols required in the photograph.

A Continuous Video can be taken showing the release of multiple fish also meeting the standard release requirements. A Witness Boat can be called to video or photograph the release of multiple hookups.

## **WITNESS BOATS**

- Only required for multiple hook-ups at which time the witness boat must positively identify both the fish and confirm the release of both the fish.
- The witness boat is there to confirm that multiple fish were caught and successfully released.
- Witness boat is to take photos if the boat catching the fish is unable to. The fish must be identifiable.
- If one fish is lost and only one Billfish is released, then it will revert to the rule stating that a photo must be taken with the colour armband /symbol showing and the fish must be seen to be next to the boat, with leader in hand.
- The witness boat to radio the successful release AND RELEASE TIME to the Beach Control.

## **THERE ARE NO BONUS POINTS FOR WITNESS BOATS**

## RELEASING FISH OTHER THAN BILLFISH

Other than Billfish, Giant Trevally, Amberjacks / Yellowtail and all Kingfish must be released.

### Species

- Giant Trevally (*Caranx ignobilis*) will be considered a species on its own,
- Amberjack Species (*Seriola* Species) / Yellowtail will be considered as a single species.
- All other Kingfish will be considered as a single species.

### Stickers

- A sticker / measuring device will be issued on Sunday 22 March 2026 at registration to each skipper, for use to measure when releasing these fish.

### Photographing the Fish

- The fish must be brought on board the boat, placed on the sticker, with the tail fork not protruding over the indicated tail side of the sticker.
- In the photograph, the entire sticker and fish must be visible.
- The sticker must be stretched to its full length without any folds or creases.
- The colour armband issued for the day must be visible in the photograph.
- A single photograph showing all the above, with the date and time of the catch must be provided.
- A photograph showing the release of the fish with a date and time must also be provided.

### **Only 15 fish per species (GT, Amberjack/Yellowtail and Kingfish) may be weighed for the week per boat.**

- All fish photographed are above the minimum size as indicated by the sticker.
- All fish caught on a single day must vary by at least one colour band of the sticker in size.
- No Double up Fish on the same sticker will be allowed.

## BAIT

- Teams are to supply their own bait.
- No swapping of bait is allowed at sea.
- No live bait allowed on boats prior to launching.
- Breach of rules will result in disqualification.

## BOAT FUEL/OIL

Teams will supply their own fuel and oil for the duration of the Competition.

## TACKLE COMMITTEE CONTROL

- Each team may have their tackle checked daily by the Tackle Inspector.
- The tackle committee members may request line / leaders from anglers to be tested and may board your boat at any time to inspect your tackle box.
- The rod, reel and terminal tackle which caught any Billfish or fish which may count as the most meritorious fish for the day must be taken to the weigh in.

## PROTESTS

Any protest made by any angler against the conduct or practices of another angler or boat must be made in writing and handed to the TOURNAMENT DIRECTOR within **30 minutes** of the end of the weigh in on the day of the incident in question. A protest must be accompanied by a protest fee of **R500,00 CASH** which will be considered a donation to the hosting club. Protests must be handled by the club captains.

## BREACH OF RULES OR MISCONDUCT

A Boat and its anglers may be disqualified for the day, if they are found to be in breach of the rules and/or procedures. Serious breaches of the rules or misconduct could result in the disqualification BY THE COMPETITION COMMITTEE.

Any incidents occurring which are not covered in these rules will be decided upon by the Tournament Director and the Competition Committee. The decisions made will be final and binding.

## ROSEBOWL CALCULATION

**All anglers present and registered on Sunday 22<sup>nd</sup> March 2026 will officially compete in the Rosebowl scoring system, which is calculated as follows: -**

- The sum of the club's total points scored is based on the SADSAA scoring system.
- plus, bonus points received, as per the above,
- divided by the number of registered boats of that club as registered on Sunday 22<sup>nd</sup> March 2026.

A minimum of 5 boats per club will be used for calculation purposes.

### **NB**

- If a boat is disqualified or does not launch or does not fish on any fishable day, it will still be included in the original number of registered boats competing.
- If a boat joins after day 1 of the competition, the boat will be added from day 1 of the competition.
- If a boat leaves the competition earlier than the last day of the competition the number of boats will remain the same

- A boat may be replaced with the same skipper and anglers, for mechanical failure.

**No exceptions will be made to this rule, except under extreme circumstances as determined by the competition committee.**
