RE: Herbert Green Trophy**

At present the Herbert Green Trophy for the most meritorious billfish is not being presented due to the policy of tag & release.

As discussed at the last meeting I would like to change the conditions for awarding this trophy that my father presented.

I believe that the trophy be presented to the club member who while representing the club or province has caught a billfish that has lead to the angler winning a competition at this level. The award will be presented to the angler that first won a competition in that year.

Thank you

COLIN GREEN
