Some useful SA-Mozambican contacts at the border

A lady, Patronica at the Sasol garage before the bridge will change money at a good rate and is very trust worthy. Her contact number is 082 5334799.

A runner at the Mozambican side of border. Best to call him as you leave the SA customs. He will take passports and for a minimal fee get all your docs in order and passport stamped in a short time. There is always a problem if taking fuel through and if any one wants a trouble free pass...for about R100 or R150 the customs official won't even come to your car. His name is Derick and number is +258848269791.
