

The Nomads Tide - A Monthly Brief June 2009

Nomads Quarterly postponed till Tuesday 14 July.

2009 SGDSAA Development Course

A very successful development day was held on Saturday 20 June at the Nomads Clubhouse. There were talks on tackle preparation, game fishing, tuna fishing, sail fishing, bottom fishing and vertical jigging. Practical demonstrations of knot tying as well as the observing boats rigged for marlin, sailfish and general game fish. After the course, the Boks had some very vocal support from the crowd that watched on the big screen. Congratulations and well done to the organisers and all those who gave of their time to advance the sport we love so much. To those who did not manage to attend, the next development course is only in two years time.

- Practical: 16-17-18 July 2009, Shelly Beach
Interested parties to please book with Dave Brown

Nomads Internal Development weekend away

As most of you are aware, Nomads is presently planning a trip to Sodwana. The idea behind this trip is to have a group of experienced anglers make themselves available to individual boat owners and crew, to go out to sea with you and share their knowledge in terms of fishing techniques, skills and general tips. The date for this excursion is from Friday 07 to Sunday 09 August 2009. Monday 10th is a public holiday and thus we can all travel back to Joburg on this day.

We can only accommodate a maximum of 8 boats and be in a position to place an experienced angler with you and a max of 2 of your crew to try and spend three days on the water.

You are to make your own reservations as to where you would like to stay.

Please notify me (Anton) early enough in order to put this trip together and remember this is on a first come first serve basis.

Contact: Anton Faurie for further details on 082-457-1260 or via email on pftprof@iafrica.com

2009 Rumbly Bay invite

Guys the invite to our Cape Boat & Ski-Boat Club 41st Annual October Inter Club International Invitational 2009 Rumbly Bay.

We have changed the format this year to 4 fishing days and 3 weather days in hand. Most of the anglers arrive over the weekend so the opening will be held on the Sunday the 18th October 2009 and weather permitting we start fishing on Monday the 19th October 2009, as we always had the good weather before Wednesday, so lets hope we have read the Cape Doctor right this time.

Regards
Lee Wiid
CBSC Tournament Secretary

Should any Club require any further information please do not hesitate to contact me directly by telephone 021-788-1233 or 072-567-4478, or

Important dates to diarise

- 18 November - Nomads AGM
- 28 November - Nomads Boat Testing

Fishing Competition Summary for 2008

Judging by the amount of emails I have received in response to the paper "*Fishing competitions in iSimangaliso: An assessment and analysis of those carried out during 2008*" the emotions are running high.

The actual problem statement is defined in the Executive Summary "*...reduce competition fish mortality*".

Based on this statement and their recommendation of calling for competitions held in iSimangaliso to be "catch & release" oriented, the current SADSAA scoring system can no longer be used.

This proposal raises some interesting aspects pertaining to future competitions but the current competition system does not cater for this.

Maybe it is time for the angling powers to be proactive and come up with a guideline which addresses the concerns raised in the paper.
