To all boats & anglers entered in the 2012 Rosebowl
Please can you assist Mandy Webster with the following:-

1. She needs a copy of your skippers licence as well as a copy of your boats COF for 2012 to make up a file for the officials as they are inspecting boats. If we have this on hand, you may not be hassled.
2. (these can be emailed to Mandy at mandy@aptprint.co.za or faxed to 011 792 6570)
3. You will need to purchase your fishing permit and boat permit prior to your arrival at Sodwana. These are not always available at Sodwana so please go to your Post Office and do the necessary.
4. Please can you let her know if your boat motors are 2 stroke or 4 stroke.

Deposits into the Nomads bank account

Of late Nomads has been experiencing problems identifying which members have made deposits into the Nomads bank account because the references are either blank or do not reflect the member responsible for the deposit. Thus an urgent request when paying over monies by means of deposits or EFT transfers - **please use your name as reference** in order for the Treasurer to allocate to the correct account

Additional email address.

Nomads has another email address to which members may communicate with the club.

info@nomadsfishing.co.za

This email was setup as some members were experiencing problems contacting Nomads via email due to their employers blocking emails addressed to any gmail mail account.

The main email address:

2012 SADSAA Columbia Billfish Classic

Hi there all fellow anglers,

On behalf of SADSAA and the Billfish Classic organisers may I wish you and your families and healthy and happy year, tight lines and some good stories to look back on this time next year.

Entries are now coming in fast, if you have entered and not yet received confirmation of your entry I do apologise, I'm only just getting back in the saddle this week and the heat down here has fried my brain so everything is happening slowly. Rest assured you are on the list and I will be sending all confirmed entrants a mail over the weekend.

If you have also only just got back into the saddle and are still busy sorting out crew, I would suggest you try to get your forms with shirt sizes in asap as Jackie from Columbia is now ordering the shirts and we want to make sure we have your correct size. If you enter late I am afraid you will have to take whatever sizes are available.

One thing that has struck me particularly about this event is how you guys make an effort to look really smart in your team outfits, it really does look good and give the Tournament a very professional feel. If you don't already have your team kit then Jackie has the following specials on offer for you, so order now and she will deliver to Richards Bay for you to collect at the Registration.

Zululand has yet again had an amazing Marlin season so you definitely do not want to miss the one competition where the majority of the countries top marlin anglers are gathered in one place to catch a big fish and let it go - its very special!

Look forward to seeing you again

Marlin Shark Attack. The Grisly Photos

We first heard about the mako shark attacking the marlin here on GoFISHn from member Capt. Paul Pelsuo who found the story a week ago from the Australian news exclusive.

[The video is very powerful stuff.](#)

Our friends over at [Field & Stream](#) got the U.S. exclusive, and, even better, the photos from the underwater camera. They're beautiful and horrific. It's 18 slides of pure enjoyment! [Check it out over at fieldandstream.com.](#)
