Barnyard - Boksburg 22 June 2012

A very enjoyable evening was held at the Barnyard where patrons took in the "Dancing in the Street" show - a showcase of carnival events from all over the world.

Ticket sales were not of the best and Nomads only managed to sell off the lower level of the Barnyard. A slight profit will be shown after a last minute concerted effort to members and friends to support the evening.

Feedback from members on the night showed that a good time was had by all. Although Nomads did not raise as much funds as it would have liked, the Barnyard event should again be exercised next year but with different options being brought into play.
