Nomads Closed

NEWS FLASH ⚡️🦈🦈🦈 The Nomads Closed dates and venue have been finalized. Please block the dates in your diary: **May 24 Briefing, May 25 to May 29 Fishing.** 🦈🦈🦈 The committee listened to you at the AGM and have chosen a preferred venue of St Lucia - already 10 boats are committed. For those that are not aware, launching takes place at Mapelane where the St Lucia tractor will push you in. Vehicles are then moved back to St Lucia where you will beach. So, no excuses about the launch being hectic or dangerous!! We hope to see more boats added to the list, Boertjie, Finding Nemo, Shaya lo Manzi, Kaskazi, Hooker, Tequila Sheilka, Tjaila Tyd, Marlin Monroe and others. Watch this space and emails for more details.

Food for thought

My college professor asked me, "what is the definition of a leader?" I said, "it goes between the swivel and the hook."

Feedback from members over the festive season

No safety incidents were reported. Well done on all the skippers and their respective crew members in keeping a clean sheet.

Dorado were plentiful and many boats enjoyed catching these for their acrobatic displays and fine edible properties.

Billfish catches were reported by Watermark and Nauti Boy. I am sure many hours were spent trolling for these magnificent fish.

Colin Green reports about a "navigation issue" from Mapelane:

A navigation course is being organized for Hennie Liebenberg from Fish Hunter. He launched at Mapelane and when he returned his vehicle was missing. It was moved to St Lucia by the St Lucia crew as per standard procedure. Hennie had to relaunched to beach at St Lucia to retrieve his vehicle.
